

FLAT ELLIS AND TYLER

Ellis had the great idea to turn us into flat Ellis and Tyler, so you can take us with you wherever you go this summer.

Just cut along the black outline and we are all set to travel! Whether you are planning a staycation or a trip abroad, make sure to take lots of pictures with us. Then go to Zradio.com to upload and share your adventures with Ellis and me. We can't wait to see how this becomes your Best Summer Ever!
